Subject: **NAGF News Bullets for Bi-Week ending 05/07/2021**

- **NAGF Comments submitted for NERC Projects**

The NAGF worked with membership to develop and submit NAGF comments for the following projects:

Project 2017-01: Modifications to BAL-003 White Paper

(put link here for file which is in the NAGF Groupsite file cabinet under the “NAGF Formal Comments\Project 2017-01” folder)

Project 2019-06: Cold Weather Draft 2 Standard Modifications

(put link here for file which is in the NAGF Groupsite file cabinet under the “NAGF Formal Comments\Project 2019-06” folder)

- **NERC MRC/BOT Teleconference May 2021**

The NAGF developed and submitted Policy Input to the NERC Member Representatives Committee (MRC) and Board of Trustees (BOT) in preparation for the NERC BOT teleconference on May 13, 2021. The NAGF Policy Input submittal provides comments regarding the Reliability and Security Technical Committee (RSTC) meeting its transition objectives. The NAGF submittal is available in the NAGF Group site file cabinet under the “NERC Board Reports\2021 “folder and is attached for reference.
